The diagram illustrates a campaign tracking path through 10 encounters. The path starts with Encounter 1, which branches into Encounters 2, 3, and 4. These three encounters converge into Encounter 5. From Encounter 5, the path branches into Encounters 7 and 8, which then converge into Encounter 9, leading finally to Encounter 10. Encounter 6 is shown as a side branch that connects to both Encounter 7 and Encounter 9.
